Department contact:

Tip or Complaint:

Like I have said before, just because I do not complain everyday does not mean these nuisances are not around everyday. The odor from this CAFO is horrible. Today it is taking on a chemical/ burnt feather smell. Yesterday it smelled like vomit, dusty dander and ammonia smell. All of which upset my stomach, making me feel like I want to throw up. Small feathers rain down all around me making it hard to do any chores outside my home. I can see the feathers and even though it is hard to see the dander dust I can sure feel it. It makes me itch, cough and plugs up my nose forcing me to go back indoors.
